WE KNOW WOOD

Drawing from over three decades of experience in the industry, Group Aryan's strength is an intimate knowledge of wood based products, serving the focussed needs of Indian homes and commercial spaces.

As partners to leaders in various products, for both interiors and outdoors, Group Aryan has a well-established reputation for high-quality, consistent service standards, and a constantly evolving product range - ensuring that the Indian market always gets the best.

OUR BRANDS

Engineered Wooden Flooring Bekker Exo Engineered Wood Flooring SPC

With a wood based legacy from 1890, Bekker comes from the Meyer Parkett tradition of craftsmanship, technique and innovation. Bekker planks are produced at state-of-the-art factories in Austria, using materials and processes that are industry benchmarks. Alongside Engineered and Laminated floors, the new Bekker SPC collection is a next generation, waterproof technology that uses Stone Plastic Composite flooring.

Engineered Hardwood Flooring

BOEN's legacy goes back to 1641, originally starting with two sawmills by the waterfall Boen – in Norway. This heritage of experience and craftsmanship, driven by a bold, innovative and creative vision, ensures products that are unique in the industry, always in tune with the rapidly changing world of interior design. BOEN hardwood floors are found in more than 50 countries.

Pure Wood Flooring

Experience FLOORganic XPT - the revolutionary flooring line that amazes with recyclable impact sound insulation, extreme moisture resistance and impressive sustainability. Thanks to our Xtended Performance Technology (XPT), it is impressively waterproof for 100h+. And best of all: with around 90% wood content, these floors are more sustainable than ever before.

Laminate Flooring

Founded in 1961 in Austria, Egger is a global leader in wood-based materials and laminated flooring. Known for its high quality, Egger laminated floors are durable, versatile and always trendy. With 22 production plants, Egger's commitment to sustainability is evident in its use of responsibly sourced wood and innovative production techniques.

Bekker Engineered Wood Flooring

Origins 1890, Austria

Distinctive collection with high quality woods sourced from renewable forests
Lacquered or oiled surfaces for easy maintenance and durability

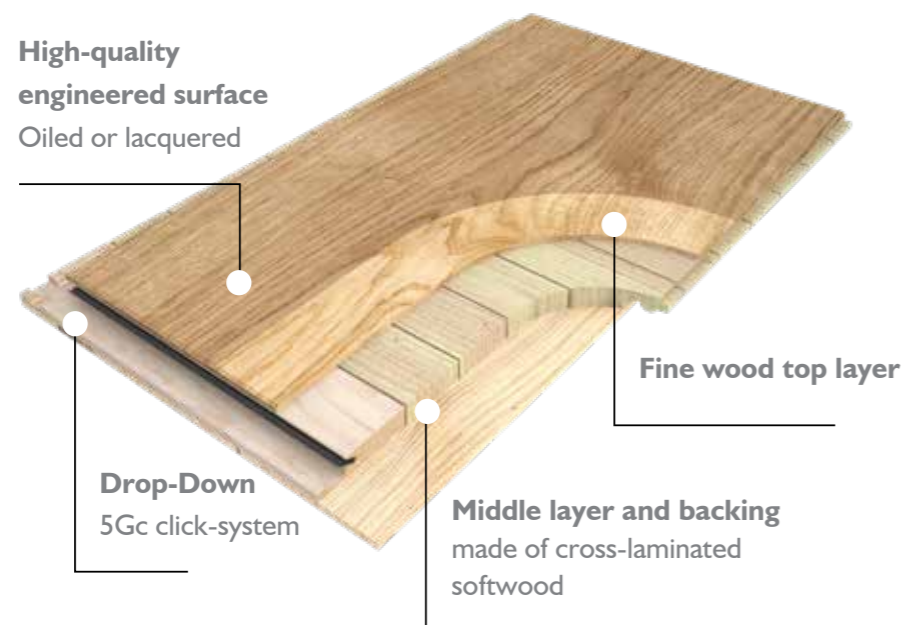

25

Year Residential Warranty
